Headstock work on HLF854

President's Message

The committee is working on finalising the details for the milestone 5 report of CDG1296 to the Department of Infrastructure in Canberra. These matters take time and are quite challenging because of the financial details that are required.

Rail Planning Services have completed a report on the contract work which states the scope has been substantively completed to an acceptable standard. A number of items were identified that required further attention. These matters have been dealt with.

The original scope of works mentioned straightening the track in numerous places. It was particularly evident when looking north from Borg gate 6. Poorly lubricated joints perhaps overtight fishplates were probably a contributing factor. We have been spraying the weeds for vegetation control. Spraying the fishplates to help lubrication and operation has now been added to our maintenance program. We sprayed most of the joints in the yard a few weeks ago proving quite effective. Many joints will have to be properly split apart, cleaned, greased and re-assembled. This takes time and volunteers.

The new access path to the southern end of the station is nearly completed. There is one section of concrete from the entrance gate across the three tracks to the bottom of the incline left to do. I expect that it will be completed next week. This has been a job that has taken more time than we originally set aside with hurdles being wet and boggy conditions during the initial excavation phase as well as some of the fencing panels not matching specifications.

Oberon Tarana Heritage

Railway Inc.

Mission Statement

To be an accredited rail operator to run a tourist train from Oberon station to Tarana station on the main western line. This would allow for tourists to ride a heritage train along the Oberon Tarana branch line which was also known as a pioneer line.

Further, the running of this train would generate tourist related jobs in the Oberon area and give residents in the Oberon/Bathurst area an opportunity by volunteering at OTHR to enhance the rail heritage in the local area.

Network with other rail heritage groups and museums at Valley Heights, Lithgow, Zig Zag, Bathurst, and Cowra to form a Heritage Railway partnership to prioritise and promote the area as a Railway Tourist Precinct

You'll be surprised at what you'll find at "The Picnic in the Park."

Editor's thoughts

Well, it's pretty much full steam ahead.

Refurbishment of the carriages and locomotives are moving along at a fine pace.

Work at the Hazelgrove Stop is making headway.

The three big events in October have now been put into place with a bit of fine tuning still to do. Interest is already high for all three events; the model railway exhibition already looks to have a remarkable success judging by interest received so far.

Enthusiasts are starting to embrace the "Picnic in the Park."

This event emulates an event that took place back in 1923 at the opening of the branch line. This is a modern take being a cross between a "Cars and Coffee" event and a car display.

A rock band called "The Union" be playing the sort of music we all love to hear. "The Union" is throwback to the days of bush dances in the 60's and 70's and some of the members made up that original band in days of yore.

A couple of very interesting caravans will be dispensing sweet treats and coffee.

I'm sure local residents will flock to this event.

This is a free event (apart from coffee and sweets sales}

The Great Railway Ball has also been set in place. The ball will acknowledge Oberon pioneers with music by "The Nodding Thistles" and a new and suitable dinner has been organised.

Book your seats now.

And let's not forget the commencement of passenger services to Hazelgrove in the not too distant future.

Now that will be a cause for celebration!

"This is an exciting time.

A new chapter in our history.

John Barth"

Red Nose Day is 11th August in 2023. Red Nose Day sparked a global movement at catalysed research into the reasons why babies die suddenly in their sleep.

And because of that, there are now six evidence-based steps all parents can take to reduce the risk of their baby dying in their sleep.

None of this would have been possible without the incredible public support for Red Nose Day.

Oberon Tarana Heritage Railway supports Red Nose Day in the month of August. We urge all our readers and followers to donate generously to this very important research, because more than 3,000 babies still die suddenly and unexpectedly each year in Australia.

Ken Lingabala resigns.

Vice President, Ken Lingabala, has resigned his position with OTHR effective almost immediately.

Ken had accepted the position of Engineer in Residence at Charles Sturt University, Bathurst, NSW.

He had been finding the job increasingly demanding and felt he couldn't fulfill his role with OTHR as was necessary.

Ken will still be available to consult with us on technical issues as required. The committee wishes Ken well, and with his ability to consult he is not entirely lost to the organisation.

Q & A with rail volunteer Greg Bourne

“The Oberon Review sat down with Greg Bourne to discuss being a volunteer. Greg is the President of the Oberon Tarana heritage Railway Inc and was declared Oberon’s “Volunteer of the Year” in the town’s 2023 Australia Day list of honours. He was also nominated for “Citizen of the Year.”

Oberon Review: What is your history of volunteering?

Greg Bourne: My volunteering probably started with the time I spent in East Timor from 2004 to 2006 training schoolteachers in the leadup to independence. We were funded by a UNESCO grant.

OR: Now it looks like you’re kept pretty busy with the railway.

GB: I certainly am. I’ve been volunteering here since 2017. But things only really got busy in the last year or two when we received some government grants. Until then there was a lot of wishful thinking but now we have the money to put our plans into action.

OR: How busy are you?

GB: Flat out. It’s a full-time job applying for and managing grants, as well as all the other administration jobs that need doing. We’re now at the stage where we have to spend a lot of time negotiating with various transport bureaucracies to make sure that everything is in place for our centenary and reopening.

OR: How many people are working on the railway?

GB: There’s about 15 of us with a variety of skills, all volunteers, some retired and some with jobs. We would love more volunteers but some of the work requires specialised skills and experience. For example, the carpenter working on some of the timber replacements in the carriages needs to be able to work to tolerances of fractions of a millimetre and painters need to know how to use the sorts of paints that were used on old trains.

OB: Now you’ve got the track completed all the way out to Hazelgrove, what remains to be done?

GB: We’ve just about finished the work for accessible access to the platform, and even though none of that work could be called “heritage” it had to be done. We’ve acquired the rails and points we need to build the turnaround at Hazelgrove, and we’ve got to rebuild the station there. There’s a lot of work still to do, but we’ll get there. There is also certification of train crews to be done. Drivers have to be certified to work on specific lines, so we will get onto that as soon as we can run trains over the track. The track and rolling stock also have to be certified.”

Oberon Council's Generous Donation.

Thursday 27th July last was Oberon Council's Annual Presentation of Section 356 Donations to the Oberon and surrounds community.

Oberon Tarana Heritage Railway received \$5,000 to assist with rent, insurance, and vegetation control along the track.

OTHR is extremely grateful to Oberon Council for this donation, and we sincerely thank the councillors and staff who judged us worthy of this generous donation.

Secretary Dave McMurray with Oberon's Mayor Mark Kellam at the Donations Presentation Night.

Secretary Dave McMurray gratefully acknowledging the awarding of \$5,000 to OTHR.

We're transitioning!

As we move towards tourism passenger services, your committee has made the decision to update the OTHR logo.

The image above is a draft among others we are considering.

Fear not, the original logo will still be in place for some time. However, the original logo is complex, expensive to reproduce and doesn't copy well onto merchandise.

We are choosing a couple of styles that are reminiscent of the '30s yet are modern and fit for the type of reproduction we expect on our future merchandise.

Some mighty progress on HLF 854.

Work on replacing headstocks and ancillary hardware continues on HLF854 otherwise known as the Carriage Café.

Photos shows the extent of rot in the end section of the carriage and the remediation work underway. Work is being managed by Michael Clark, one of our volunteers.

If this work appeals to you why not put a call in to President Greg to discuss opportunities for you. Your committee has been wanting to contact all the skilled volunteers among you to discuss what you might be able to contribute, but to date there has been no time; so, don't sit back if you think you can help. Give us a call now.

As found upon dismantling the end section.

Repairs completed.

And now for the Headstock.

As in article above, now that the longitudinal timbers have been repaired of rot and damage, we have begun work on the "south end" headstock.

This is one substantial chunk of seasoned Tallowood. Using our slabbing gear, the headstock has been flattened ready for joinery work.

Progress at Hazelgrove.

Fencing installed at Hazelgrove.

Another job done!

Necessary fencing has been completed at Black Bullock Road to impede vehicular access into the rail corridor on the western side of the station site. Volunteers Greg, Will, Nathan, Sam, Mark, and Michael completed the task at the 22nd July working bee.

Your chance to win \$1,000.00.

You can win \$1,000.00 by investing in our fund raising with a chance to win.

It's a simple way for you to invest to help secure our future. It works this way:

- Purchase a ticket for \$20.00.
- There are only 100 tickets sold.
- When all 100 tickets are sold, we will draw one ticket with your chance to win \$1,000.00.
- Simply fill in the entry form that will be located at the end of the February newsletter, email it

to us (or in need post it) and bank your funds to our bank account, detailed in the form.

- Reference your name in the banking details.
- Once we match your entry form with your deposit, we will issue a ticket in your name and email it back to you.
- If you win, we will email you and publish your name in the next available newsletter.
- We will ask for your banking details at that point and direct credit your win.

OTHR Committee's draw will be final, and we won't accept any further claim.

This is a wonderful way to support the Oberon Tarana Heritage Railway Inc and at the same time have a 1 in 100 chance of winning \$1,000.00. The plan is to run 100 clubs regularly, so the chance to win will be on-going.

Picnic Day

An event for all Car Clubs

Saturday 21st October 2023

One of the 1923 Opening Day events was a picnic in the park. OTHR is planning a picnic day in “The Common” right in the centre of Oberon in conjunction with the Skoda and Tatra Register Museum.

An up-market style Cars and Coffee event for all car clubs and motoring enthusiasts in New South Wales. The picnic will have coffee stands and we encourage you to bring your own picnic hamper.

“The Union Band” will be entertaining all car enthusiasts and visitors. Members of the band are well known to Oberon, being a group that performs regularly in the district. Some members are from the original band that entertained at bush dances in the ‘60’s & 70’s while others backed famous artists from years past. They play anything from rock to skiffle. Now there’s nostalgia for you. We encourage all enthusiasts to dress in the vintage of your vehicle.

Whatever you do, don’t miss this once in a lifetime event.

This beautiful Streamliner Caravan was imported by Donah Foley. “The Vintage Trade Wind” Caravan is a finalist in Caravans, Trucks, Carts & Bars 6th Annual Wedding Industry Awards. Donah will be dispensing refreshments at the “Picnic in the Common.”

Sarah Coad will have her distinctive coffee wagon at “The Picnic in the Park” serving coffee for your pleasure.

Sponsors

Seeking funding continues to be one of your committee's priorities.

Sponsorships are an especially important part of the funding of our activities. It matters not whether a person or company contributes cash or kind, each will be considered as a sponsorship. The reason is that any person or company that contributes in kind is helping us in as much as we don't have to pay for those services and the sponsor is foregoing income. The committee needs to seek cash sponsors and this task is ongoing. Currently we now have four sponsors on board, all sponsors offer in kind support for which we are extremely grateful.

Would you like to become a sponsor? Contact President Greg to find out how you can participate in OTHR's exciting sponsorship deals. There are a few sponsorship levels available. By sponsoring OTHR and its vision you will become a partner of the programme

Working Bee Saturday August 5th

An increase in numbers, six in total, at the working bee was good to see. The main task was to replace a section of rail so that the new pathway could be concreted. The replaced longer section of rail meant that the concreted pathway did not cover a joint in the rail. New sleepers had previously replaced some very aged sleepers that were immediately put in the firewood stack.
