

EL-23: Management of Notifiable Occurrences

A notifiable occurrence is an incident associated with railway operation that has, or could have, caused significant property damage, serious injury, death or that is, or is of a class that is, prescribed by the national regulations to be a notifiable occurrence or class of notifiable occurrence.

All notifiable occurrences occurring on the OTHR Network are, in the first instance, to be reported by the Manager/Supervisor directly to the OTHR President and then the Management Committee, by telephone, immediately following the incident.

All notifiable occurrences will be managed in accordance with the OTHR's Notifiable Occurrence Procedure.
