

OTSG 610

Passing Indicators at Stop

Applicability

NSW

SMS

Publication Requirement

Internal Only

Document Status

Issue/Revision #	Effective from
1.0	1 January 2019

Purpose

To prescribe the rules for passing *main line* indicators and mechanical *points indicators* at STOP in the *Oberon Tarana Heritage Railway (OTHR) Network*.

Principle

Rail traffic must not pass mechanical points indicators at STOP unless:

- *points* have been checked and set for the *route*, and
- if necessary, the points have been clipped and locked.
